Michee Celestin

Software Engineer

Telefone: (47) 98898-5785   **E-mail:** micheec@yahoo.fr

Endereço: Rua Dona Emma, Blumenau / SC - Brazil

Full-stack Software Engineer with skills in Java with Spring Boot and Node.js for backend development, structuring databases with PostgreSQL and SQL, JavaScript and React/PrimeReact for frontend development. Passionate about technology, I have embarked on an exciting career transition: from control and automation engineering to software engineering.

Academic Education

Software Engineering

- Languages & Frameworks: Proficient in Java, Spring Boot, JavaScript, Node.js, React and PrimeReact.
- API Development: Skilled in building and integrating RESTful APIs.
- Database Management: Experience with PostgreSQL, MySQL, and database schema design.
- Version Control: Proficient in Git/GitHub for collaborative development.
- Software Design: Familiar with Object-Oriented Programming (OOP) and Software Development Life Cycle (SDLC).
- Frontend Development: Experience with modern UI frameworks like React, PrimeReact, Figma, Framer Motion and Lotties.
- Agile Methodologies: Knowledgeable in Scrum and Kanban for project management.
- DevOps Basics: Exposure to CI/CD pipelines, Docker, and cloud platforms like AWS.

Academic Education

Freelance Developer

Software Developer

Developed and delivered customized software solutions for clients, leveraging expertise in:

- React: Built responsive and interactive user interfaces.
- Java: Designed and implemented backend services using Spring Boot.
- Node.js: Created robust APIs and managed server-side logic.
- Collaborated with clients to understand requirements and provide tailored solutions within deadlines.

Altimus Software Development

Software Enginner

- Development in React, Java, and Spring Boot, focusing on routine development tasks and continuous improvement of enterprise systems.
- Provided ongoing support to enhance system performance and user satisfaction.
- Worked within agile methodologies, leveraging Scrum to ensure efficient, high-quality deliverables.
- Dedicated to optimizing applications, meeting user needs, and driving consistent innovation.

Skills

Java, Spring-Boot, JavaScript - Node.js - REST API - Git - Database - SQL - PostgreSql - HTML - CSS - React, PrimeReact - Programming logic - Team work - Leadership - Agile Methodologies - Scrum and Kanban

Languages

- French - Fluent
- Portuguese - Fluent
- English - Intermediate
- Spanish - Basic

Certificates

Software Developer - Back-end

Software Developer - Front-end
